Casper to Mohr (MURKIN "O.K. H."

As shown in memo 5/9/68, Rosen to DeLoach, considera-
tion is given to microphone installations on certain
properties of Albert and Carol Pepper. We believe these
microphones can be installed and used without prejudicing
the case against the subject. (U.S. v. Granello, 290 F.
Supp. 482 (1968). We suggest the following precautionary
measures: (1) That all recordings be preserved intact.
(2) That no use be made of any info obtained against anyone
whatsoever or in any way except for single purpose of
locating the subject in this case. (3) Be aware that Peppers
on whose premises the microphone will be installed, may
have at least theoretical cause of action for damages against
those who install the devices by trespass. REC: for info.
